

NORTH CENTRAL LOCAL SCHOOL DISTRICT
Hall of Fame
By Laws (March, 2002)

Purpose

The purpose of the North Central Local School District Hall of Fame is to recognize and honor graduates from any school that would have been located in the current North Central School District (Pioneer High School, Kunkle High School, North Central High School) who have distinguished themselves through their performance, service or achievements. Recognition of these individuals will serve as a testimony to the community and to current North Central students that their school experience prepares them to meet life's challenges and to ultimately succeed.

Many North Central students have gone on to make contributions to the North Central Schools and community and to society in general, but often we are unaware of this. The Hall of Fame will acknowledge the achievements of our outstanding alumni and allow these individuals to interact with our students as role models.

Eligibility

Nominees must have graduated from any school that would have been located in the current North Central School District (Pioneer High School, Kunkle High School, North Central High School) at least twenty years prior to selection.

Nominees must exhibit outstanding, noteworthy achievement in areas such as: community involvement, career success and/or unique contribution, positive role model, and leadership.

Hall of Fame Steering Committee

The North Central Hall of Fame Steering Committee will plan and implement the project. It will choose the selection judges and distribute information regarding the criteria for induction to the North Central Hall of Fame. The Committee will continue to review and update the by-laws.

Selection Judges

The selection judges will be made up of a cross-section of individuals. Four individuals will be chosen by the Steering Committee as judges. The judges will have no affiliation whatsoever with the school district, past or present, and the judges will also not reside within the North Central School District. The judges will not meet as a group. Their identity will remain anonymous. The judges will receive the nominating forms and rate the nominees.

Nomination Process

Individuals may make nominations at any time by completing a nomination form. Nominations must be made by February 1st for consideration for the May presentations. Nomination forms are available in the school offices, on the school website – <http://www.ncschool.k12.oh.us/> and will also be published annually in the district newsletter. Nominations will remain active unless the nominee withdraws the nomination. If the nomination remains active for more than five years, updated information may be needed from the nominee. Information from the nomination form may be used during the induction ceremony.

Selection Process

After nominations have been made, each judge will receive a packet that contains the nomination forms and a ranking ballot. This aspect of the project will be completed in strictest confidence. After the judges' ranking ballots have been returned, the ballots will be tabulated by the Steering Committee and the top-ranked nominees selected. The number of selections may vary from year to year.

The inductee will be notified by the Steering Committee. The inductee will be asked to provide additional and current information. The inductee will be asked to attend the Induction Ceremony that will be held in conjunction with the North Central High School Honors Program. The date of this ceremony is held in May, however the day varies from year to year.
